POLITICAL.

REPUBLICAN

STATE PLATFORM.

1892: 1892

Resolved, That the honor and glory of the Republic, its continued peace, prosperity and progress will be the best served by the perpetuation and continued success of the Republican party. We declare our fidelity to its principles as expressed in the Chicago platform of 1890, and as further embodied in its great history from its organization to the present time.

Resolved, That, in the tragic death of President Garfield our country has suffered a deplorable loss, and the Republican party mourns for one who consumed a noble and heroic life to the vindication of its great purposes.

Resolved, That we have faith in the prudent and sagacious administration of President Arthur and believe it will result in promoting the best interests of the country.

Resolved, That the presence in our midst of a servile race of aliens, incapable of assimilation with our institutions, is a perpetual menace to all classes of society. The relief extended to our people by the passage of a law excluding the Chinese, by a Republican Congress and approved by a Republican President, is a genuine cause of satisfaction. We are in favor of strenuously enforcing the provisions of said law, and we pledge the Republican party to labor now and henceforth to secure such further legislation as will permanently exclude the Chinese.

Resolved, That we recognize the paramount importance of maintaining unimpaired the free public school system of the State. We shall defend it against sectarian, political or other improper influences, and we favor additional legislation as the condition and wants of the common schools of the State may require. As free institutions they should be conducted as to satisfy poor and rich alike, and upon this principle we urge the adoption of some system by which this State shall furnish the text books at the lowest possible figure.

Resolved, That owing to the remote position of Nevada from the seaboard and the entire absence of navigable waters and competing lines of railroad to and from commercial centers, we demand from Congress such wholesome and effective legislation as will place our people on terms of equality in respect to transportation charges with communities specially favored by railroad monopolies.

Resolved, That we pledge the Republican party of Nevada to such a course of enlightened legislation as will extend to railroad and all other corporations doing business in this State the same protection and the same rights before the law as are accorded to individuals—no more and no less.

And further, that the Republican party favors and demands, at the hands of the State Legislature, legislation regulating and equalizing freights and fares on all railroads within this State.

Resolved, That we are in favor of the Government of the United States establishing a postal telegraph service, and operating the same in connection with the Postoffice Department.

Resolved, That the coinage of silver should be placed upon the same basis as that of gold, and we invoke early Congressional legislation to that end.

Resolved, That it is the duty of the Legislature to enact such laws as will result in the purification of the jury box and better promote the administration of justice.

Resolved, That it is the duty of the next Legislature to pass such laws as shall reduce the expenses of the State and county governments to the lowest possible limit consistent with the requirements of the public service.

Resolved, That the earnest attention of Congress and the State Legislature is directed to the subject of codifying the laws relating to the location and working of mineral lands to the end that legitimate prospecting and the development of our chief source of wealth may be best promoted.

Resolved, That the appropriation by a Republican Congress for the payment of pensions to invalid Union soldiers and to the veterans of the Mexican war, is the discharge of a debt of honor and law—a generous remembrance of our country's defenders in its supreme hour of peril.

Resolved, That in the judgment of this Convention the Legislature, when next convened, should make the necessary provisions for a convention to revise the entire constitution of this State. That in providing for such convention, well guarded restrictions should be made, defining the number of delegates, their compensation, and fixing the duration of its session. That we believe such Convention is imperatively demanded by the urgent necessities of the times, and among others for the following cogent reasons: First—To so change the fundamental law as to secure as nearly as may be equal and uniform taxation of all property subjected thereto. Second—To regulate and render equal and just to all the rates of passage and freight upon all railroads doing business in this State, to the end that our leading industries may be fostered and not oppressed, built up and not overthrown. Third—To secure the reduction of the expenses of the State to the minimum by dispensing with all unnecessary officers and employees, rendering more speedy and economical the collection of public revenue, the execution of the law and the general administration of justice.

Nevada's Political Complexion.

The San Francisco Post says Adams is the strongest man the Democrats could have nominated, but the conditions are against the probability of a Democratic victory in Nevada this year. The candidacy of Colonel Fair for United States Senator in 1890 gave the election of that year to the Democracy, and the result was the weakest and most pliable Legislature and some of the most ignorant and corrupt county governments ever in the State. Times are hard in Nevada and taxes are high. Taxpayers of all shades of political complexion are aroused and determined to inaugurate an era of reform and economy. The taste of Democratic rule has satisfied them, and as the Republicans have put up an exceptional State ticket, and will follow suit in their legislative and county nominations, a Republican victory may be safely predicted.

Author's Carnival

The subject of holding an Author's Carnival is again before the public of San Francisco. If the ladies who are taking steps in the matter receive sufficient aid and encouragement from the Board of Directors of the Mechanics' Institute, such a carnival will no doubt be organized. The proceeds will be devoted to the cause of deserving charity.

On the 25th of November the Rotunda and halls of the Capitol at Washington are to contain what is called a National Bazaar, Art and Industrial Exposition. It is to raise funds for the monument to Garfield, for which some \$20,000 has already been collected by the committee appointed by the Society of the Army of the Cumberland.

The Postal Department now comes to the assistance of those wise persons who have saved their pennies, old nickels, three-cent pieces and other souvenirs of eastern life, by issuing an order requiring all postmasters to accept such coins for stamps to the extent of twenty-five cents.

Charley Bicknell will go the whole hog or none. He will knock that Ham sky-high and make him roge hog or die. Thus speaks the Tribune regarding our popular nominee for Clerk of the Supreme Court.

The Mechanics' Fair opened last week in Portland, Or. Exhibits in every department are much more numerous than reported last year. The display of cereals and minerals is the finest ever made in the State.

THE PUBLIC SCHOOLS.

[Enterprise, 17th.]
That bright little Democratic bantling the Silver State, no doubt flatters itself that it has not only disposed of the school question for the campaign, but has purged the Eureka convention of its contempt in neglecting to define its position with respect to it. Our Winemucca contemporary does not rely on the shallow subterfuge that the National platform, to which the Eureka Convention reaffirmed its fidelity, contained all that was necessary to be said on the subject; but, under the circumstances, makes the defense possible. It is that the State Constitution, in an amendment ratified by the people and adopted by the Legislature on January 29, 1879, emphatically declares "No public funds of any kind or character whatever, State, county or municipal, shall be used for sectarian purposes." The Silver State next points out, what every intelligent reader is already aware of, that it takes nearly four years to amend the Constitution, and, therefore, if all the politicians of every shade of political opinion in the State were in favor of such use of the public moneys, their wishes could not take the form of law until the elapse of some years.

This all very fine, but it will not allay the apprehensions of the friends of our public schools, who are firmly convinced that there is a powerful element in the Democratic party who will leave no stone unturned to repeal this section of the organic law should they ever secure the upper hand. Unfortunately for the Silver State's argument there is a plank in the platform of both parties favoring the calling of a Constitutional Convention, and when they convened the fight to prevent any division of the public funds for sectarian purposes will have to be fought over again. The decisive stand of the Republican platform as proclaimed in its platform at Reno on this question, and the silence of the Democratic platform thereon, have made it one of the living, burning issues of the campaign. The Republican party is in dead earnest, and its old-time enemy will not be allowed to evade the issue which has thus been precipitated. A severe rebuke is in store for the enemies of the public school system in November, and the Democratic party will then have to suffer for its cowardice and treachery.

Keep it Up.

The editors of the Appeal and Enterprise are coming in for a pretty good share of the campaign abuse which naturally flows from Bourbon newspapers in the heat of a political contest. The editors of the above mentioned papers are loaded down daily with the regular mass of slops and filth which are thrown around when facts and logic are not available. As far as we are personally concerned we are well satisfied with this aspect of affairs. It is simply a broad tribute paid to effective work, and we hope to see it continued with redoubled vigor until election day. There is little in the record of the Republican nominees to attack. There is nothing in our party platform which can be fairly assailed, and when the opposition newspapers scan the field they conclude to direct their fire personally upon the persons who edit the Appeal and Enterprise. This howl is a plain acknowledgment of defeat, exasperation and chagrin. It is a long, loud and lusty squeal for quarter, which has a musical and harmonious sound to us. It resounds all over the State, from the Coast to the Base Range. These bewildered and flobbergasted writers are out of ammunition, out of supplies, out of their heads. They have already abandoned the fight for their own ticket and with a dazed idea that the editors of the Appeal and Enterprise are running for some big State office, are determined to see that they don't get a vote. Keep it up.—Carson Appeal.

The Campaign.

The candidates of both political parties of Elko county are now before the public and the campaign is fairly opened. It is quite likely that there will be a spirited contest, which we hope will be conducted with fairness and good feeling, and that the candidates will maintain that friendly feeling which should exist between opponents in a political canvass. We can see no good reason why the same social relations should not exist between rival candidates that obtained previous to their nomination, and we hope the most friendly relations will exist throughout the campaign.—[Elko Independent.]

CONSTITUTIONAL CONVENTION.

Both parties have adopted a plank in their platforms that call for a constitutional convention. Now, what does this all mean; and is there a big cat in the meat bag? People are puzzled to know just now what changes in the constitution are needed which cannot be reached by legislative enactment.—[Carson Appeal.]

We ask a careful comparison of the two platforms. Lay them side by side and compare. You will find that every excellent feature of the Democratic thing has been taken from the Republican platform and that it contains nothing else but idle vapors. Democrats, compare them both.—[Carson Tribune.]

The outlook for a grand Republican victory in this State in November is most encouraging. The press is doing noble work, and the decent and orderly elements of the State are rallying under the Republican banner. They realize that our party is the representative of ideas and principals.—[Carson Tribune, 23d.]

MISCELLANEOUS.

In case of sickness you certainly have money, trouble and all by consulting the most experienced physician. You do the same by selecting the most learned and experienced watch-maker if you have a timepiece, be it a clock or watch, to repair or to buy. It also requires skill and knowledge to judge the quality of jewelry, gold-ware and precious stones, and claiming to be a specialist and brought up in this business, I can safely promise a prompt performance and strict guarantee of all articles repaired or purchased at my store.
My stock is the most select this side of Sacramento, and it will be my aim to raise still higher the standard of reputation. Respectfully,
Wm. Gossard,
